Dear Governor John Kasich,

Rural King is incredibly thankful for the hard work and dedication that the Ohio Means Jobs Pike County provided. Polly Oliver, our Business Resource Network Account Executive, went above and beyond for us. Poly and her team were very hands on from the beginning and every step of the way since.

The team helped spread the word and they sought out opportunities to get the community excited about us. Specifically, they helped us with two interview events which were both instrumental in staffing both the Rural King Store and also the Distribution Center.

The team continues to impress us with their dedication, knowledge, and excellence. We have the deepest respect for them and it has been a pleasure working with them. They have been one of the best employment offices we've had the privilege of working alongside.

Sincerely,

Bianna Owen
